## EVENT CO-SPONSORED BY

The Kentucky Black Hereford Association,  
Kentucky Farm Bureau Federation &  
Kentucky Department of Agriculture

Dear Friends,

Welcome to the 38th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market. But despite challenges, the industry is still in the top five for Kentucky agriculture, with the latest figures showing gross receipts from the production of cattle totaling \$1.1 billion.

Agriculture across Kentucky saw some unique challenges in 2023, but the cattle markets showed resilience with Kentucky's calves and feeders fetching much higher prices at the end of 2023 compared to 2022. Economists from the University of Kentucky anticipate agricultural receipts for 2023 could be \$8.1 billion, just shy of 2022's record-high \$8.3 billion.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 33,000 farms with beef cattle, solidifies cattle among one of Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is the backbone of our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell  
Commissioner of Agriculture  
Commonwealth of Kentucky

**Welcome to the 2024 Kentucky Farm Bureau Beef Expo**

For anyone involved in the state's cattle industry, they realize what an economic engine our livestock sector has become in the Commonwealth.

The sector has grown exponentially over the past 20 years and Kentucky now stands as the largest beef cattle producer east of the Mississippi and eighth in the nation.

Working in conjunction with the Kentucky Department of Agriculture, the Kentucky Farm Bureau Beef Expo continues to promote our cattle industry which now represents 16.5 percent of the state's total farm cash receipts.

This event helps to showcase the industry and is one of the premiere venues to buy, sell, and show some of the best livestock in the country.

The KFB Beef Expo has a rich history with its origins dating back to 1947 when it began as the Kentucky Angus Sweepstakes. Since then, many changes have taken place, but the purpose is still the same; to showcase the best cattle and highlight an industry so important to farm families across the state.

This year's Expo features nine different breed associations as producers from multiple states make their way to the Kentucky Fair and Expo Center for the event.

Much of the success of our cattle sector is due to the dedication of our farm families and the work each breed association has made to move forward in production, and quality. The KFB Beef Expo is a great place to see the results of those continuing efforts.

I would like to welcome each of you and hope you have a successful Expo and a great 2024 on the farm.

Sincerely,

**Eddie Melton, President**  
**Kentucky Farm Bureau**

Fellow Cattlemen,

On behalf of the KY Black Hereford Association, we are proud to host the Black Hereford sale at the 2024 KY Beef Exposition in Louisville Ky.

Black Hereford cattle have taken the beef industry by storm. The Breed is now well over 25 years old and the genetics just keep getting better. Black Hereford cattle have the appearance of what many would consider a Black Baldy, however the associations breeding rules along with the cattle's performance, fertility, maternal traits, and docility proves that we are much more than just a pretty face.

Commercial cattlemen are raving about the performance, hybrid vigor, and growth that they are seeing using Black Hereford cattle in a crossbreeding program. Never before has a breed grown so quickly in popularity as the Black Hereford breed.

I want to personally invite you to join us this year and see what all the excitement is about.

Please feel free to contact me for further information or if you have any questions. I look forward to seeing you there.

Sincerely,

*Tim Tarter*

Sale Manager

We have been impressed with this JO REVOLUTION 9506 sired female since she hit the ground. This purebred heifer is homo black and homo polled, so we think she will shine bright as a cow with any bull you choose to breed her to. Not only does she have a neat look about her, but she also has a great attitude to back her up. This heifer has a certain femininity about her that keeps getting better everyday. Use the genetics of this female to better your herd.

**Consigned by: Jenkins Cattle Ranch**

This heifer is Homozygous black and Homozygous Polled. She has the true feminine look you want all while adding the power of Jo Revolution 9506. Jo Revolution has many ribbons and banners, he was the first ever Supreme Black Hereford Bull at Cattleman's Congress. This heifer is ready to add some growth and strong genetics to your herd.

Super nice heifer and at such a high percentage of 96% Hereford and black it will be hard to breed her off spring out of being purebred as well.

Junior Members,

- The ABHA has started a point system for the juniors at the junior shows. We are excited to announce that the **KY Beef Expo** has been approved as a sanctioned points show for the juniors.
- This event has always been a special one for our breed, but many things this year, such as being a points show, has brought even more excitement to the event. This show pays a lot of cash premiums to our junior winners provided by the KY Department of Agriculture and there are additional and equally good premiums provided in the same events by the KY Black Hereford Association.
- I (Ernie Dominguez) will be attending to help assist and coordinate the show. No pre-entry is required for the show. You can register upon arrival. You must be registered by 12pm eastern on Saturday March 2nd. Bulls are not allowed to show other than in the haltered sale show on Saturday (this is a KY Beef Expo rule not ours.).

**There will be shows for KY junior members only AND a junior show open to anyone (nation-wide). Here's a break down of the shows:**

- **There will be a show for cattle entered in the sale on Saturday March 2nd at 10am eastern.**
- **The KY Junior show will be held on Saturday, March 2nd at 4:30pm. This is for KY junior members only.**
- **The Junior open show (open to anyone) will be on Sunday Morning, March 3rd.**
- **There will be a champion and reserve crowned for F1, %, and Purebreds.**
- **Only percentage and purebreds will be allowed for the final drive.**

Best regards,

Ernie Dominguez & Tim Tarter

#### Junior Exhibitor Point System

**Purpose: To increase and encourage Junior show participation at National or Regional Black Hereford point shows.**

- Points will be awarded for participation at each junior show (national and regional) and on top placings on a maximum of 3 head entered.
- Top 3 Junior exhibitors from each age division will be recognized and awarded a custom jacket.
- Juniors will be awarded 10 points for exhibiting at any of the national Junior Black Hereford shows (Kansas City, Louisville, Oklahoma City) and 5 points for attending any approved regional Junior Black Hereford show.

#### Junior Show Exhibitor Point System

Placing	National Show	Regional Show
1	10	5
2	9	4
3	8	3
4	7	2
5	6	1
6	5	0
7	4	0
8	3	0
9	2	0
10	1	0
Division Champion	10	5
Reserve Champion	5	3
Grand Champion	20	10
Reserve Grand Champion	10	5

#### ABHA Junior Point Shows and Awards

- Official show results will be used to determine the official show placings.

Results must contain the following:

- Junior's full name.
- ABHA registration number on animals shown.
- Complete registration name as recorded in the ABHA registration system.
- To be eligible, cattle shown must be in the junior exhibitor's name.
